LONDON, Aug. 3.—The most optimistic expectations were borne out when the bids for the new Canadian loan of 15,000,000 pounds sterling were closed today directly after they had been opened. It was understood, although not officially announced, that the first bid for the day had brought a substantial over-subscription.

O'Connell, Jr., 24-year-old son of the politically powerful O'Connell family of Albany, was released to an intermediary early Sunday by kidnappers upon payment of \$40,000 ransom. Great choppers have made their roads upon crops in the southern districts of the prairie provinces and in some cases have become so threatening as to cause the premature cut of crops.
